

## HELPING AT SCHOOL

At LECS the partnership between home and school is regarded as vital to the success of every child. We acknowledge the important role of parents in the schooling of children.

As an Early Childhood School, LECS has a strong tradition of active participation by families in their children's early years of learning, across Preschool to Year 2.

We welcome all parents and carers who come into our learning spaces to be part of children's learning. Your presence supports and enriches your child's experience of school and makes the difference in success and outcomes for your child.

There are many ways you can help at school. We welcome your involvement in ways that work for you and your family. We embrace the diversity of our parent community here at LECS. You may have a special skill or information about your culture to share with children and staff.

Please chat to your child's teacher about best times to visit. You will be offered all the support you need to feel welcome and included.
